

TOWNSHIP OF LAPEER ADDRESS NUMBERING ORDINANCE

Ordinance No. 33.2

An Ordinance to require the acquisition and posting of address numbers to assist ambulance, police, fire department and other public safety and service agencies to locate those in need of assistance or service.

THE TOWNSHIP OF LAPEER ORDAINS:

Section 1. ADDRESS NUMBER REQUIRED

Each dwelling and each principal building within the township shall obtain and display an assigned address number. An address number shall only be issued for a public or a private road.

Section 2. DEFINITIONS

For purposes of this Ordinance, the following terms are hereby defined:

A. "Principal building" shall mean the main building located on a parcel or lot. Garages, pole barns, and other buildings which are normally accessory to other structures shall not be deemed to be "principal buildings" unless they are provided with a separate electrical meter.

B. "Assigned address number" shall mean an address number which has been designated for a site by the approved Addressing Agency prior to the effective date of this Ordinance or by the Township agent after the effective date of this Ordinance.

C. "Private road" shall mean a non-public road which has been approved by the Township in compliance with the Private Road Ordinance. Easements and private drives shall not be deemed to be "private roads".

Section 3. APPLICATION

All applicants for building permits for construction of a dwelling or other principal building shall also apply for an address number for the structure. The number shall be issued by the designated agent of the Township as soon as all required information is provided by the applicant.

Section 4. POSTING

Each dwelling or other principal building on a parcel of land within the Township shall post the assigned address number. The number must be visible from the road. Whenever a dwelling or principal building is located more than one hundred (100) feet from the center of a public or private road, or is otherwise difficult to see from the road, the owner shall post the address number at the point at which the driveway enters the public or private road.

Section 5. NUMERALS

Each posted address number shall consist of numerals at least three (3) inches in height and of a contrasting color to the attached surface.

Section 6. NEW CONSTRUCTION

Whenever a new dwelling or other principal building is constructed, the address number shall be posted in compliance with this Ordinance at the time construction is commenced. However, if the address number has not been issued prior to commencement of construction, the address number shall be posted within twenty-four (24) hours after being issued.

Section 7. MULTIPLE ADDRESS NUMBERS

Developments which need individual address numbers for locations within the site shall comply as follows:

- A. Mobile Home Parks. The mobile home park shall be assigned a single address number for the public road on which the park is located. Individual home sites within the park shall be designated by that address number plus the lot number of the site. Lots shall be consecutively numbered. Each internal street shall have a continuously maintained sign indicating the range of lot numbers on that street.

- B. Multiple Family Dwellings. Each individual building shall receive an address number. Each unit within that building shall receive a number which includes the building address number plus a number indicating the floor and the unit.
- C. Multiple Unit Buildings. All other principal buildings containing more than one unit shall receive an address number. The individual unit number shall be determined by the enforcement agency based upon the layout and location of the structure.

Section 8. PRIVATE ROADS

In the event that the dwelling or principal building is located on a private road, there shall also be erected a road sign identifying the name of the private road, in conformity with county road signage requirements, where the private road enters the public road. The name of the private road shall be reviewed and approved by the designated agency for registry of private road names within the County. In the event that a private drive or easement is upgraded to a private road, any existing numbers shall be replaced with address numbers based on the private road location.

Section 9. ELECTRICAL SERVICE

No address number or permit for a dwelling or principal building shall be issued unless an application has been filed with the "approved addressing agency" to acquire access to electrical service. In lieu of a service application, an applicant may sign a waiver to the effect that electrical service has not been verified.

Section 10. ENFORCEMENT AGENT

The Township Board shall designate a specific entity or official to serve as the agent to administer and enforce this Ordinance. The agent shall establish a fee to defray the administrative cost of issuing address numbers.

Section 11. PENALTY

Any person, firm or corporation who violates any of the provisions of this ordinance will be held responsible for a municipal civil infraction and for creating a public nuisance, subject to payment of a civil fine of not less than \$50.00, plus costs and other sanctions, for each infraction. Repeat offenses under this ordinance shall be subject to increased fines as provided for in the Lapeer Township Civil Infraction Ordinance.

Section 12. REPEAL

The former Lapeer Township Street Address Numbering Ordinance, being Ordinance No. 33.1 is hereby repealed in its entirety.

Section 13. EFFECTIVE DATE

This Ordinance was adopted by the Lapeer Township Board at a meeting duly held on the 14th day of November 2011 and was published in the LAView newspaper on the 24th day of November 2011. This ordinance shall take effect thirty (30) days after the date of publication.

Scott A. Jarvis
Lapeer Township Supervisor

Dawn M. Walker, CMC
Lapeer Township Clerk
